AMAZON ECHO WITH CURRENT PRODUCTS CORP BRIDGE SET UP GUIDE

Integrate with Amazon Echo or Echo Plus -Zigbee using the Current Products Corp. Bridge2
Statements3

I. INTEGRATE WITH AMAZON ECHO OR ECHO PLUS ZIGBEE USING THE CURRENT PRODUCTS CORP BRIDGE

1. SET UP YOUR ECHO OR ECHO PLUS AND CPC BRIDGE

If your Alexa device is not yet set up, do so now by following the instructions that came with your device.

Also be sure the bridge and app have been setup. For instructions on how to set up your bridge and app, see the Bridge Set Up Guide.

2. DOWNLOAD THE SKILL

In the Alexa app menu, select “Skills and Games.” Once you are on that page, hit the spyglass icon at the top right hand corner.

Search for the skill title “MyCurtains” or “Current Products.” If you want to be able to trigger Alexa using both phrases, be sure to download both skills.

See Figure 23.

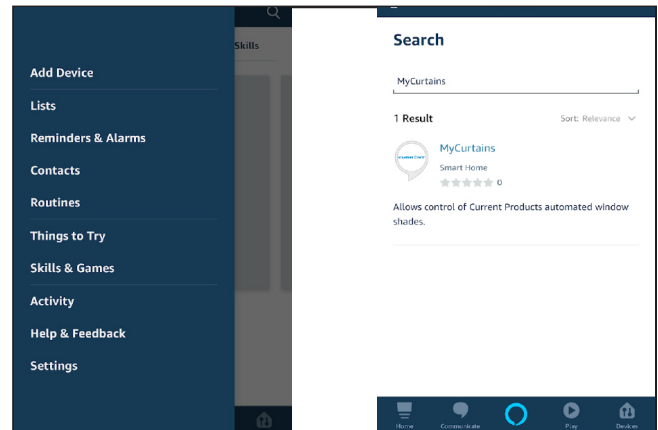

Figure 23 - Download the Alexa Skill

3. SIGN IN

Use the login credentials you created when you first set up your bridge and app. You are now able to control your devices via Amazon Alexa. See Figure 24.

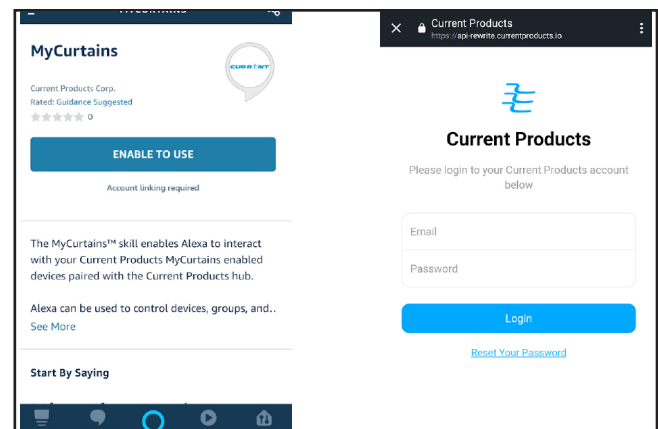

Figure 24 - Sign into the CPC app

4. USING ALEXA

Trigger Alexa using the trigger word selected when you installed the skill.

Say “Alexa, ask MyCurtains to ...”. Use percentages to get your drapery to specific position, or say “open” and “close.”

You can control devices, groups, or trigger scenes through Alexa, and create custom names for each in the MyCurtains app.

II. STATEMENTS

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by Current Products Co. could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF WARNING STATEMENT

This equipment complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated to provide a separation distance of at least 20 cm from all persons.

Cet équipement est conforme aux limites d'exposition au rayonnement FCC / ISED établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé de manière à assurer une distance de séparation d'au moins 20 cm de toutes les personnes.

IC STATEMENT

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
