Zigbee Setup with Google Home

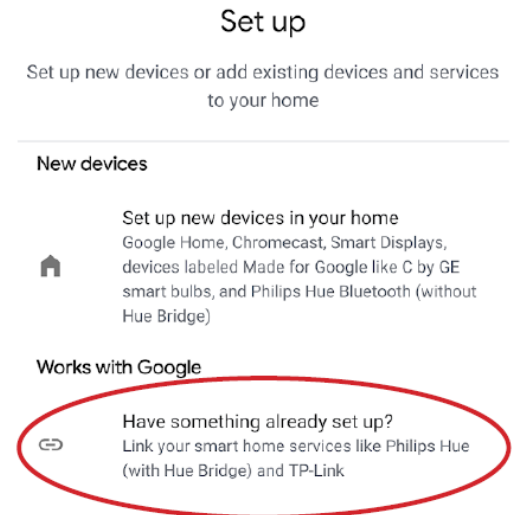

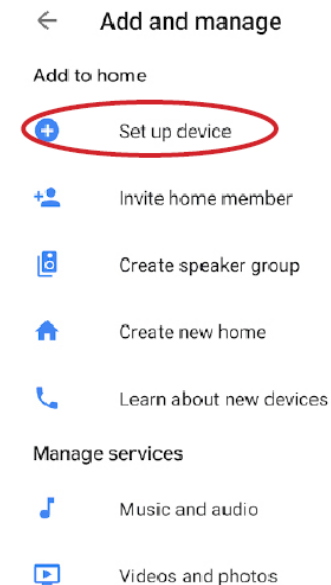

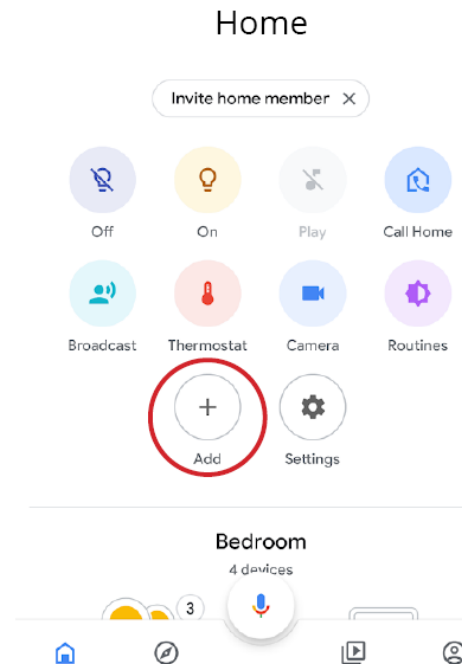

1. Setup Google Home

- If your Google Home device is not yet set up, do so now by following the instructions that came with your device.
- If you have not yet done so, download the Google Home App from the Apple App Store or the Google Play Store.
- If you have not yet done so, set up the CPC bridge and app.

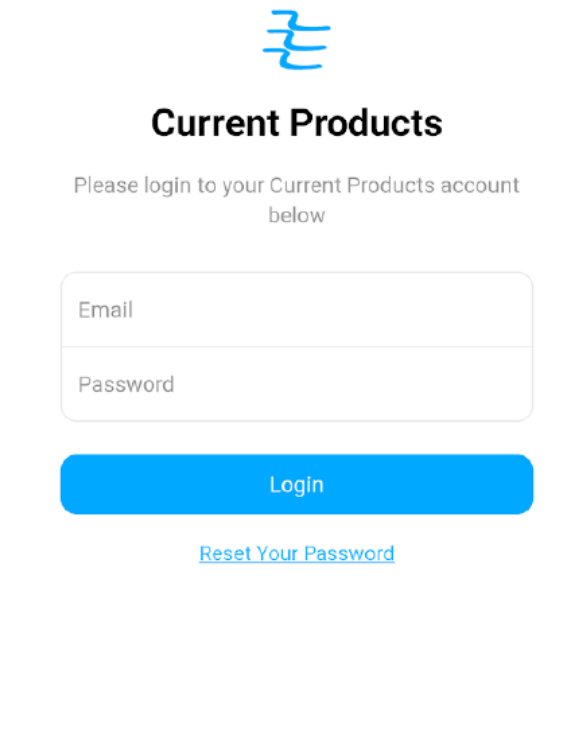

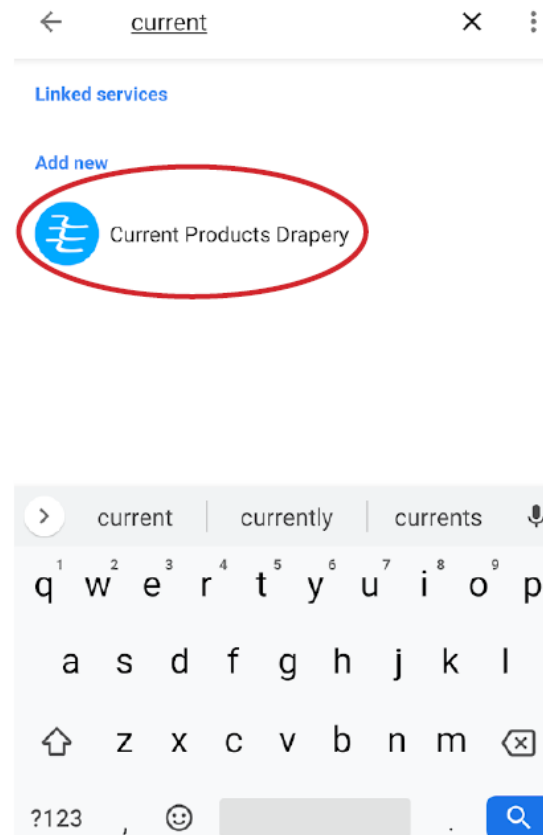

2A. Add Devices

- Open the Google Home app and navigate to the correct “home” (some users may have multiple).
- Hit the plus (+) sign, then “Set Up Device”, then “Works with Google”.

2B. Add Devices

- Use the search function to locate “Current Products Drapery”, then select it.
- The app will prompt you to log into your CPC account.

2C. Add Devices

- After signing in, a list of devices on your CPC account will show up. Select the devices you would like to add, then assign each to a room.

Add smart home devices

Select devices and add to a room

 Bedroom West drapery Unassigned	 2.0 Warehouse drapery Unassigned
 Dining Room drapery Unassigned	 X Sheer drapery Unassigned
 Display 7' Sheer drape... Unassigned	 Patio Blackout drapery Unassigned
 	

Where are these devices?

Choose a room for these devices. This will help organize your devices.

My rooms:

- Showcase
- Showroom
